

At the Garth School we feel it is important that...

We are professional.

There is consistency.

Pupils and staff can work in a supportive, calm environment.

We share our work load.

We show an awareness of others.

All are treated with dignity.

All are listened to.

We work in partnership with parents.

Pupils are taught in an age appropriate way.

Pupils are guided with positive reinforcement.

We do our best to understand the communication needs of all our pupils.

The list above was compiled during a whole school INSET and is by no means exhaustive but is a true reflection of our intent.
